

# Student Financial Support Application Form

We are happy to announce an offer from the ACEOLE project to support students having problem to finance their CHEP2010 attendance. ACEOLE is a Marie Curie Action at CERN, funded by the European Commission under the 7th Framework Program. Marie Curie Actions are aimed principally at training young researchers. The ACEOLE project covers the fields of data acquisition, electronics, and opto-electronics and will run until 30 September 2012.

ACEOLE is pleased to be able to fund a limited number of bursaries to cover part of expenses (e.g. travel, hotel, registration fees) for promising young researchers without nationality limitation. Applications should be sent to [angelina.shen@twgrid.org](mailto:angelina.shen@twgrid.org) by **31 July 2010** and final results will be communicated by **16 August 2010**.
