# KnowledgeGRID Malaysia:
## The Next Journey of Malaysia's National Grid Computing Initiative

Abstract:

2 years ago, MIMOS presented the early stage of Malaysia's National Grid Computing Initiative led by the Ministry of Science, Technology and Innovation. Since then, the initiative had been expanded with new focus areas and activities as well as re-branded as KnowledgeGRID Malaysia.

This presentation is aimed at providing an insight to some these new focus areas and the activities being conducted to address them as well as some output/outcome of these activities.
